Subject: Holy Trinity Cemetery Site: Town of Lewiston NY
Importance: High

Good Afternoon:

I wanted to touch base with the group to see if there are any questions since our meeting a few weeks ago. We did not find any elevated gamma readings in areas other than those that were already identified (Areas 1, 2, 4). The perimeter fence was completed around Area 1. We put high visibility fencing around areas 2 and 4. Holy Trinity Cemetery personnel will stay out of that area. The site is stabilized for now until we return to conduct the removal. In the coming months, we will be addressing removal activities at another Niagara County Site.

Please let me know if you have any questions.

Thanks

Regards,

Eric
